Circuit Court.

The fall term of Circuit Court convened in the Court House in this city Monday afternoon at two o'clock, with Judge E. O. Sykes presiding. The afternoon was spent in the preliminary work of the court and the various juries were drawn and the grand jury was charged. Judge Sykes' charge was not unlike the usual counsel given to grand juries. It was comprehensive in its scope and covered every infraction of the law that will likely engage the attention of that body.

The present week will not witness the trial of many important cases. It will be devoted to the civil docket and it is not intended to take up the criminal docket until next week. District Atty. Barron is on hand to guard the State's interests.

The following is a list of the juries drawn on Monday:

Mr. Fred W. Thomas spent Monday in the city. He was introducing the Cleveland '99 wheel to the community, and he did it in good shape and left a most pleasant impression behind him. The '99 Cleveland's all right. It is lighter, trimmer, prettier than ever before and has a number of improvements to commend it to the public. Its eased bearings, which lessen friction and add to its running power, are an improvement, the merit of which will be recognized by every man who has ever pushed a pedal. The Cleveland's home for the ensuing year will be with Mr. J. C. Broyles and he expects to run his sales beyond the 100 mark.

One of the latest improvements, noted is the tremendous large elevator recently put in by Banks-Sherrod Hardware Co., in order to facilitate handling their large stock of Buggies, Surries, Phaetons and Hacks. Their business in this line has increased so rapidly, it has been forced upon them to make this addition. A complete, well assorted stock of vehicles can always be found at their up stairs buggy room and will be sold at 5 cent cotton rates. Call and see them before buying elsewhere. If

Hoyt's "A Texas Steer" appears to have been aptly designated the author's most clever piece of work. It is charmingly funny, piquantly entertaining and genial satirical in its touching up of the Washington experiences of "Maverick Brander." The entire scene equipment has been furnished by Arthur Voegtlin of E. J. Madison Square Theatre, New York. The date for "A Texas Steer" at the new theatre is next Saturday night.

The management of the Gilmer Hotel will spread a most elegant Thanksgiving dinner for their guests to-morrow evening at six o'clock. Elaborate preparations have been made for this occasion and their menu is complete, comprising all the substantial and delicacies that the most ardent epicure could desire. The dinner will be served in magnificent style and an elegant and delightful repast is promised all who attend.

Last night's dispatches stated that the peace negotiations at Paris had not been broken off, the report sent out by the Associated Press to that effect being the work of stock manipulators who wanted to profit by it.

Gunter Bros. carry a full line of coffins, from the cheapest to the most expensive.

Southern Wreck.

Engineer Graham Jones and his fireman, Otis, a negro, had another narrow call Sunday and so did the passengers that he had with him. His train, the west bound passenger on the Southern out of Birmingham for Columbus, got into it had a mile this side of Coalburg and a horrible catastrophe almost ensued. That section is a country of mountains and valleys, of deep cuts and high trestles and fills. No. 35 was on time, slipping over the rails at a fine clip, when Engineer Jones saw two cows ahead. The first was hit full force and pitched a hundred feet. The engine was reversed and the air crowded on, but not in time to arrest the momentum of the train before the second cow was struck. Instead of clearing her off the track, she was ground beneath the engine, which left the rails, broke from the tender and plunged down the 20 foot embankment. Mr. Jones was thrown out on his head and sustained painful injuries. The tender and passenger coaches ran off the track, but balanced almost on the edge of the embankment, thus saving the lives of many passengers. A wrecking crew was put to work and the wreck was soon cleared, and the train reached this city about five hours later. On the train were Mrs. C. L. Steele, Mrs. Steele's mother-in-law, Dr. A. N. Steele's mother, Mr. M. A. Franklin and other Columbus people.

Wherever They Go.

"My wife was run down in health and my little daughter had scrofula. They began taking Hood's Sarsaparilla and it cured them both. The girl has no more scrofula trouble and my wife will not have any other medicine since taking Hood's. We recommend it wherever we go." S. W. WALLACE, Marcus, Ala.

HOOD'S PILLS cure nausea, headache.

The Vienna Arrives and Departs.

The Steamer "Vienna" arrived Monday at noon from river points below bringing 180 bales of cotton and a few passengers. She made the trip when the river was 2-3 feet below zero, the navigation line, thus proving the claim of her promoters that she is a light draught boat. The Vienna left yesterday for Ringold, below Pickensville, to get a cargo of cotton and will return to-night, after which she will make a long trip to Demopolis.

Chas. H. Hoyt's Political Comedy.

Hoyt's "A Texas Steer," the best comedy that has come from the pen of the well known author, will be presented at the new theatre next Saturday night.

It is a most laughable satire on present day politics. The company is the best that has ever been seen in the comedy, and the engagement is to be the laughing event of the season. The company is large and efficient, including Katie Putnam, specially engaged for "Bossy," Will H. Bray, in his original part, "The Minister to Dahomey," Herbert E. Sears as "Maverick Brander," The Bison City Quartette, and a star cast from Hoyt's Madison Square Theatre, New York.

The management of the local house recommends and endorses this play as the best that has ever been to Columbus. Seats at Mayo & Weaver's.

THE MODERN MOTHER.

Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effects of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.
